Mr. Rajesh Rajnarayan Gupta
Non Executive Director

Mr. Riyaz Shaikh
Chief Financial Officer

ABOUT

Lloyds Metals & Energy Ltd. (Lloyds) was incorporated in 1977, originally as a steel manufacturing company, it is currently the largest coal based DRI manufacturer of Maharashtra, Ghugus Village, Chandrapur district, with a production capacity of 270,000 TPA, along with a captive power plant with 30MW capacity. In 2007 it was awarded a lease for iron ore mines over an area of 348.09 Ha. at Surjagarh Village, Gadchiroli district, initially for a period of 20 years & extended to 50 years under MMDR Act, 2018. This district has Maharashtra's richest iron ore reserves. Due to instability in the region, the company's mines faced various challenges in operations. In 2021, the company entered into a strategic partnership with one of the largest mining development operators, Thriveni Earthmovers (Co-promoter), and from FY22 the mines have recommenced operations in full capacity. The overall iron ore reserves in the allocated mines are estimated by Maharashtra Government's Directorate Geology and Mining to be 90 Mn tonnes.

Today, Lloyds is present across the value chain of steel manufacturing, from iron ore mining, to DRI manufacturing, and is further forward integrating into steel manufacturing by setting up a mineral based Steel plant including DRI with capacity of 72,000 MTPA and a 4 MW power plant at Konsari, Gadchiroli district.
